

EICO funds SICAV plc is a high-tech artisan finance lab where everything is managed and created in-house down to the smallest details to obtain an exceptional and unique product over which we can have absolute control.

EICO 1 is an absolute return, multi-strategy fund that aim to beat the inflation rate in the most constant and strongest way possible, guaranteeing customers a real rate of growth of their assets.

ANTIFRAGILE is the term that best represents EICO 1, a revolutionary strategic approach that is strengthened and reacts in any market condition, even the most adverse, as we have already demonstrated in the past.

Document recipient

This document is not intended for the general public. It is designed for use by Financial Intermediaries, Investment Companies, Financial Institutions and providers of Financial Products. Nothing within this document constitutes an invitation or offer to buy or sell any investment, nor is it intended to provide a basis on which to make an investment decision or a personal recommendation. This document is not directed to any person in any jurisdiction where the publication or availability of this document is prohibited. Therefore, any and all information contained in this document is solely directed at such Qualified Investors. It is not allowed to directly or indirectly grant access to information or distribute information to other people other than Qualified Investors. In many countries the investment funds mentioned in this document subject to restrictions concerning publication and access, marketing, offering and/or selling. Reference is made to the respective prospectus for any details; however, it is the obligation of each person to inform itself about and to obey any restrictions. Thus persons, being subject to any restriction shall not access this document. In relation to a particular investment fund, all current versions of all documents in connection to such investment fund shall be considered. All further or additional reservations in such documents apply. The information provided is believed to be reliable, without any guarantee of completeness or accuracy.

Simulations and figures

The calculations and simulations are approximations and are subject to data errors, computation error, variations in prices, bid and ask spreads, interest rates, and future undeclared dividends and/or events. All the factors used as a basis for the probability computations and simulations are subject to change.

Risk

The sub-fund may invest in different type of assets. Investments may also include securities that may become subject to strong market volatility, In some cases, these securities may be very illiquid during periods of market uncertainty and may be sold only at a discount. Individual securities may, in such extreme market phases, suffer a total loss or a significant decrease in value. High losses of value at the level of the sub-fund can therefore not be excluded. More complete and specific disclosures about risks are contained in the respective offering documents. Before making any investment, an investor should thoroughly review the offering documentation to determine whether an investment is suitable for the investor considering his investment objectives
